Disposition:

Reason if Rejected:

WJLA has reviewed your request for time on behalf of Randall Terry on WJLA's 5:00 newscast today. We are not able to grant this request. Although we have read the FCC Media Bureau's decision regarding the complaint filed against WUSA, we do not believe it requires WJLA to grant your request. Inasmuch as Mr. Terry admits that he is attempting to use time purchased on WJLA to affect the election in Virginia where he is not a legally qualified candidate, we believe that Section 312 of the Communications Act does not require WJLA to grant access to his campaign. The Media Bureau's decision does not address these statutory or other Constitutional concerns with Mr. Terry's request for time.
